PROGRAM OVERVIEW

1. Provide a brief overview of the scope, main strategies and successes relevant to the award. **(MAXIMUM 1300 CHARACTERS)**
2. Describe the child safety problem addressed and what sparked these efforts. **(MAXIMUM 2000 CHARACTERS)**

PROGRAM RESULTS AND SUCCESSES

1. How are you measuring success? Please describe your specific goals and how you measure them. What are the results thus far? Include any results, both quantitative and qualitative. **(MAXIMUM 1300 CHARACTERS)**
2. What are your crash trends? Many communities do not have easy access to pedestrian crash numbers so in order to make this application accessible to more communities we are requesting crashes for all road users. Please list serious and fatal total crash numbers for the most recent five year period, by year *(Ex: 2016: 123 serious crashes; 55 fatal crashes)* for the city or county nominated being considered for the award. *We understand that even though this application only captures child and youth safety actions, these actions are likely one of a combination that contributed to any crash reduction.* **(MAXIMUM 750 CHARACTERS)**
3. What barriers were encountered in the child and youth-focused efforts? How were the barriers addressed? **(MAXIMUM 1300 CHARACTERS)**
4. Describe any partnerships that were used or created to advance the work highlighted in this application. **(MAXIMUM 3000 CHARACTERS)**

SPECIFIC ACTIVITIES THAT CONTRIBUTED TO RESULTS AND SUCCESSES

1. What were the major activities? *(Such as changes in roadway design and operations; enforcement; policies; agency practices; public engagement; elected official engagement; education, etc.)* Please include the time period in which activities took place. **(MAXIMUM 3000 CHARACTERS)**
2. How was equity addressed during the activities? **(MAXIMUM 1300 CHARACTERS)**
3. Were vehicle speeds identified as a safety problem for child pedestrians? If yes, how was it addressed and how did you get public support for these changes? *(Not a requirement for the award.)* **(MAXIMUM 1300 CHARACTERS)**

FUTURE PLANS

1. What is planned related to the child pedestrian safety efforts moving forward? **(MAXIMUM 1300 CHARACTERS)**
